Dear Lee:

The Office of Student Rights and Responsibilities has received a report that on July 29, 2016 4:59 PM, you sent an email to one of your faculty that contained a picture that had a puppet holding a gun and a note. The picture was perceived to be threatening in nature. Additionally, it has been reported that over the last several months, you have continued to send multiple emails, text messages, and phone calls to students and faculty in your academic program. You have reportedly continued to disrupt the academic learning environment with these behaviors. After several phone calls and emails to which you have been directed to have contact with certain faculty and staff, it is reported that you have continued to disregard these directives.

Due to the serious nature of this situation, you are placed on **interim suspension** effective immediately. This action is being taken due to the concern for your safety and/or the safety of the campus community. Interim suspension is defined in the Arizona Board of Regents Student Code of Conduct -

- The Dean may impose restrictions on a student or suspend a student for an interim period prior to resolution of the disciplinary proceeding

If true, the behavior stated above would be in violation of the Arizona Board of Regents (ABOR) Student Code of Conduct, pertinent parts of which are stated below:

5-308 F-2 Endangering, threatening, or causing physical harm to any member of the university community or to oneself, causing reasonable apprehension of such harm or engaging in conduct or communications that a reasonable person would interpret as a serious expression of intent to harm.

5-308 F-7 Failure to comply with the directions of university officials or agents, including law enforcement or
